Title: Bilingual (Spanish) HIV/STI Tester

Hours: Non-Exempt, 35-40 hours per week (weekend and evening hours required)

Salary: \$20/hour, plus health and dental benefits

Reports to: Wellness Center Manager

Application

Deadline: open until filled

Position Summary

This position is responsible for providing quality sexual health related counseling and HIV/STI testing in an engrossing environment. You will be providing test results and education around safer sex. Gay City uses asset based counseling techniques and applies a social justice lens to testing and LGBTQ health and wellness.

Duties and Responsibilities

- Provide non-judgmental and culturally competent sexual health information and resources.
- Assess level of risk in each client and determine appropriate screenings and/or referrals.
- Deliver positive results with compassion.
- Complete charting and any other paperwork in a timely manner.
- Provide outreach testing for community partners throughout Seattle **including Capitol Hill's two bathhouses.**
- Attend weekly staff meetings.
- Keep current on e-mails and any changes in protocol.
- Protect confidentiality of clients.
- Perform other related duties as assigned.

Required Qualifications

- Experience working with HIV/AIDS impacted communities, including health promotion and HIV prevention.
- Demonstrated ability to serve all segments of the LGBTQ community and culture, especially including mindfulness and respect with regard to people's pronouns.

- Knowledge and familiarity of issues impacting queer and trans communities with demonstrated ability to think and work intersectionally, particularly with regard to race, class, gender, age and ability.
- Excellent verbal, written, and interpersonal communication skills, including the ability to use sound judgment to determine appropriate course(s) of action in complex interpersonal situations.
- Must be highly organized, detail oriented, and committed to delivering quality customer service.
- Friendly, engaging presence with an ability to establish and maintain close collegial working relationships both internally and externally.
- Established ability to maintain a high level of production while working independently.
- General proficiency with computers and ability to learn new software.
- Bilingual (Spanish) required.
- Evening and weekend availability required.

Preferred Qualifications

- Knowledge of social services for LGBTQ communities.
- Proficiency with Microsoft Office Suite and Google Apps.
- Medical Phlebotomy license.
